The local school advanced to the finals after surviving three rounds of competition held last week at the Transport Training Institute in Cornwall.
Sponsored by the SD & G public school board, the Canada Quiz is an annual event, testing students' knowledge on almost every aspect of Canada.
Coached by teacher, Mary Jane Ferguson, the Char-Lan team consists of senior students Ariana Winn, Lance Brabant, James Doonan, and Nina Craig, who will be trying for their third straight championship win.
The team will meet North Dundas District High School in the Grades 11-OAC finals.
The public is encouraged to attend the event and cheer on the local teams.

Mr. Binaday

Mr. Binaday has been a mathematics teacher at Char-Lan for twenty-seven and a half years. Before coming to Char-Lan he taught mathematics at a Redemptorist seminary in the Phillipines. Throughout the years he has never ceased to encourage his students to push themselves to their limits and to take full advantage of their abilities. Through his witty jokes and dedication to students he taught math in an interesting way that will not soon be forgotten.

Just a Quick Word from the Yearbook Staff...

When I was first asked to be this year's editor I was thrilled at the prospect of designing the yearbook. It proved to be an exciting learning process. At times I enjoyed the work immensely, at others the stress weighed down on me. However, being the editor was an experience I wouldn't have missed for anything.

This year was a year of firsts. It was our first year laying out the yearbook on the computer. It was also the first year for Ms. Van Velze to advise the committee. These firsts, paired with a rookie editor lead to many confusions and frustrations. However, with the guidance of Ms. Van Velze each was solved quickly, effectively and ingeniously. I would like to thank Ms. Van Velze for all the time she gave and all the dedication and encouragement she showed.

I would also like to thank my two co-editors, Leesa Jarvo and Joanne Menard. They both put countless hours of their time and a lot of heart into producing this yearbook. They were full of new and interesting ideas for each page and I could always depend on them to be there and get the work done.

My thanks are also extended to the other members of the yearbook committee. To all the photographers, advertisers and layout designers - thanks! We couldn't have done it without you.

Last, but not least, I would like to thank all the teachers, the secretaries, the guidance department, and the principal, Mrs. Mayer for their co-operation, confidence and encouragement. Thank you all for your support.

Enjoy your yearbook!!

Drive alone in just eight months!

Ontario has a new Graduated Licensing law.

It says new drivers have to practice for one year before trying their driving test.

But if they take the Young Drivers course *first*, they only have to wait *eight months* to drive alone, *anywhere, at any time!*

The same law says learners must practice for the first eight months with a *licensed adult*.

And if that adult is you, you're going to want Young Drivers to teach them to drive safely.

Then spend eight months practicing with confidence.

It could add years to your life!
