2004

Char-Lan

# Welcome to Char-Lan

*"Best Foot Forward"*

## Principal's Message

"The real magic is enthusiasm. It spells the difference between mediocrity and accomplishment."

Elbert Hubbard

We are fortunate to have this edition of the "Crusader Yearbook" to preserve our memories of the 2003-2004 school year. It was certainly a busy and exciting year filled with a good number of special events and spirit related activities. I would like to congratulate Mr. Blois and the yearbook staff for their enthusiasm and dedication in creating this treasured time piece. Through their efforts they have captured the essence of our school and many memories for us to enjoy in the future.

The staff and students of Char-Lan wish to thank Mr. Hummell for his dedication to the school over the years. Best of luck in your new appointment.

In closing, I would like to extend my sincere best wishes to our graduates. May you continue to excel in life and may the knowledge, skills and attitudes you acquired through your time at Char-Lan serve you well.

Sincerely,  
Frank Hummell  
Principal

## President's Message

After all the stress, work, and meetings that come with being President, I would have to say that this message will be the hardest duty for me. I have spent five amazing years at Char-Lan and I guess this is it. I will miss all the great times here with everyone, from my favourite grade nines to all the OACs that came before me. I could never say goodbye to Char-Lan, my roots are now here and I will always come home.

I would like to thank Mr. Trasuk and Mr. D. for having patience with all the last minute meetings. Also, thank you to Mr. Hummell for understanding and being there for me and the rest of the students. You will be greatly missed. Without the secretaries and custodians I would have been lost - you are angels! With all the changes being made to the teaching staff it is hard to keep up, but I would like to say thank you to each and every one of you. Thank you to all the teachers who say down and listened to me when I needed to vent. Real teachers don't just teach subjects like Math or English, but they teach life lessons - to all of us. You have brought me to a *new height* in my life. You will not be forgotten.

A huge thank you goes out to my gang: Trevor, Andree, Claude and Alyson for all their hard work this year. A special thanks goes out to my substitute big bro Trevor, who was always ready to step up and be the President for a day. Thank you for keeping me together when everything else was falling apart. You're the best hunh!

Thank you to all of you, the students of Char-Lan, for making this year the greatest. I will miss you all, but don't worry, my favourite little sister, Vicky, has it all under control.

Love Ya'll,

Nicky Melnyk

Nicole Melnyk would like to dedicate this page to the members of Student's Council, and thank them for all their hard work.

## Crusader Quest

September 24-26 2003

"It was lot's of fun! It was a great way to meet new people."

Christina Russell, Gr. 9

This year the second annual Crusader Quest was held at La Petite Rouge, and proved to be a success. A great turn out of old and new faces were chosen to participate. This year the Crusader Quest team were able to incorporate a theme. "This theme is designed to make the students realize that there is a larger world outside the halls of Char-Lan and the streets of Williamstown," wrote Ryan Zurkowski. The three days were filled with skillbiding sessions and motivational speakers. A big thanks to the Crusaders Quest Co-Chairs Andree Beaupre and Ryan Zurkowski

"Crusader Quest at La Petite Rouge was an eventful three-day adventure. Everything ran smoothly, the leadership skills and spirit brought back to the school were infectious. The event would also not have been such a success without the help of our energetic Skill Builders and devoted Committee. Some great memories, such as Paula, Simon, Randy, and the shower curtain were made, and these are among many that will stay with us forever.

Question of the day,  
"Are you sure this is the right way?"

# Brave Heart

St. Andrew's Day, November 30th 2003

St. Andrew's Day was a stunning success this year, with numerous activities to fill up everyone's spirits with Scottish cheer. At the morning assembly, School Board Trustee Art Buckland presented the Ode to the Haggis, offering a tartan, a tribute, and a taste of the Haggis for all. The MacCulloch Dancers wowed us with a number of performances, and many students and staff displayed their poetic and musical talents to the audience.

# Hocus Pocus

Hallowe'en was bloody brilliant.

In another costume-related incident, Slave Day was a great success. Tracy Lalonde grew her hair just for the occasion.

# American Pie

Having Fun Girls?

The pie contest took place in May, and it was to raise money for Prom.

## Famous Last Words

Good evening parents, teachers, guests and fellow graduates. I have been chosen by my fellow graduates to speak to you tonight on their behalf and I am honoured to represent the class of 2004, the 50<sup>th</sup> graduating class to come out of Char-Lan District High School.

As I look around the gym, I can't believe it has been 5 years. All the memories come back, along with the good times, and maturing as individuals. It seems like only yesterday that Mr. Oathwaite was cooking up some hot dogs in the courtyard for grade 9 orientation day. The first time we came to Char-Lan we thought it was so big, and some of us actually got lost. Now 5 years later we realize why Char-Lan's motto is small enough to know you large enough to serve you, because we have a small school but we have the courses that give us the education we need to be able to do whatever we want in the future. This can be said about our athletic department as well, as we continue to expand our athletic options with the inauguration of senior boys rugby, which helped boys to become men and the constant encouragement from their coach left the fans in awe as he would constantly say, "ruck or die." Who can forget the girls soccer game last year where they beat Glengarry District on the soccer field with their hair and nails done, and just hours later were at prom looking amazing in their high heels and elegant dresses. We never do get tired of beating G.D. And if you think that was bad they ended up doing it again this year too. Its memories like these that we'll look back and laugh at.

Our graduating class started a lot of activities in the last couple years that will last a long time here at Char-Lan, for instance two years ago Crusader Quest was born. This was a chance for us to have fun and learn about others. It was a definite success. This allowed everyone to truly get to know others at Char-Lan and allowed some of the graduates to provide leadership to the grades below us. And who will forget about the St-Andrew's day celebration, where everyone got to feel Scottish for a day and eat some haggis. Or how about Char-Lan's first ever Fear Factor, where some of the graduates had a chance to win some money by eating some out of the ordinary dishes, like cat food and green peppers. And who will forget the time we had a hypnotist in this year and Andree Beaupre made an acceptance speech for an Emmy she supposedly got, pushing Michelle Leblanc out of the way to get it. And finally after 5 years we changed the odd troll mural to the one we have today thanks to our artistic students. One of the biggest changes we all went through in the last 5 years was the new curriculum. The 40 community service hours, the new textbooks... and like we didn't already have enough tests we had to pass a literacy test as well. And all 89 of us did this to be able to receive our high-school diploma.

But the graduating class isn't the only thing leaving Char-Lan this year, as Frank Hummell our principal is leaving us as well. Mr. Hummell was not just a principal to us he was a friend who understood our problems, most of the time. Char-Lan will miss his leadership and friendship in future years. I would also like to thank our parents and teachers for supporting us, believing in us, and encouraging us. It is because of you that we have made it this far. So on behalf of the entire class I would like to say thank you. Thank you for teaching us and helping us become who we are today.

We might be going our separate ways for the next 5 or so, but chances are we'll all probably come back to the place where we grew up. Growing up here in Glengarry is special because it is where the people are kind, the parties are fun, and the memories last a lifetime. Being a student at Char-Lan is much the same. We might not have the biggest school or highest budget but we use what we have the best we can.

So remember this, the happiest of people don't necessarily have the best of everything; they just make the most of everything that comes along their way. This is a perfect example of how it has been at Char-Lan District High School.

So take a lot of pictures to remember the times we had as Crusaders, because the time spent at Char-Lan will always be remembered as the one of friendship and trust. *Teachers, parents and guests, it is my pleasure to present to you THE CLASS OF 2004!!*
